- **Job share / flexible working / child friendly working hours considered**
- **Daily get together (huddle), team lunch break, dedicated visiting doctor**

Our team includes four GP Partners, two Salaried GPs, an Advanced Nurse Practitioner and regular GP Registrars alongside an excellent Practice Nursing team. We have fantastic administrative support and a dynamic management team. We have staff trained in minor surgery, joint injections, sexual health, coil and implant fitting. Special interests and personal development are welcomed and encouraged.

We are part of the Keswick and Solway PCN which expands our clinical team to include a Mental Health Practitioner, First Contact Physio, Pharmacists and Living Well Coaches. Cumbria has a CQC outstanding out-of-hours provider and forward thinking integration with secondary care.

We cover the town of Aspatria and surrounding area stretching from the edge of the Lake District National Park to the beautiful Solway Coast. Aspatria itself is connected to Carlisle by train linking to the west coast main line. We are 30 minutes drive from Keswick and Carlisle, and 15 minutes drive from Wigton and Cockermouth, all of which have excellent schools.

Hard days at work are shared by the team. We aim to achieve a good work life balance for all our staff within a well-supported system.

If you are interested in joining us or would like a chat or a visit to see how we work, please contact Practice Manager Mrs. Dianne Blacklock dianneblacklock@nhs.net with a CV and a covering letter. Alternatively give us a call on 016973 20209 to arrange a chat with one of the partners.

Closing date for applications: February 28th 2023.
